Driving Your Car this Winter?

Cold weather driving is the supreme test of a storage battery's life. Twice as much energy is needed to start your engine in average winter weather as at average spring, summer and fall temperature. Only a battery of maximum power and vitality can meet this increased demand.

The Prest-O-Lite Storage Battery is your best assurance of a positive, dependable starting-and-lighting service. It is designed and built for greater power

and embodies all the stamina that skilled engineers can concentrate in a battery. It has proven itself, in the making of cold weather tests, to be the one best battery for winter use.

Exclusive Prest-O-Lite Batteries and battery parts are made in Canada, in the largest battery plant in the British Empire—entirely assembled, but made from start to finish from Canadian materials—also are assured of full value and freedom from unnecessary duty and exchange.

GOODYEAR
MADE IN CANADA

Built to Lower Industrial Costs—This Steam Hose

Goodyear Steam Hose definitely lowers industrial costs:

—by giving longer service.

—by doing away with the nuisance of *heated* wire-winding, and *bent* wire-winding.

—by enabling you to cut steam hose to any desired length.

—by preventing blistering and bursting from unequal expansion.

These things Goodyear Steam Hose does because Goodyear has developed a steam hose so strong and tough that wire winding is unnecessary.

Goodyear would not have developed this new type of

steam hose had Goodyear been content to build industrial hose in the same old way.

But Goodyear investigation and research into hose failings and hose possibilities revealed whole new fields of endeavor. The result is a complete line of industrial hose of super-serviceability and unusual economy.

Goodyear builds steam, air-drill, water, suction, fire, and other types of industrial hose. The expense of hose in your plant can be decreased and the amount of work done increased by a Goodyear analysis of your hose problems. A trained Goodyear man will call on you without obligation. Phone, wire or write the nearest branch, or Goodyear Mechanical Goods Service Station.

AND the cross stands the next, with their liturgical traffic, when it was in full flower, and, just, the house of the house of the world, the house of the world, the house of the world.

When showing two little Chihuahuas, I was asked to explain the difference between a show dog and a pet dog. I explained that a show dog is one that is bred to show the breed in the best possible light. A pet dog is one that is bred to be a companion and to please its owner. I then asked the audience if they would like to see a show dog or a pet dog. They all wanted to see a show dog. I then showed them a pair of show dogs, a pair of pet dogs, and a pair of show dogs that were also pet dogs. I then asked them if they would like to see a show dog or a pet dog.
